SEEnet

ENABLING QUÉBEC'S ENGLISH-SPEAKING COMMUNITIES TO BE MORE ACTIVE IN THE SOCIAL ECONOMY

SEEnet empowers Québec's English-speaking communities to build upon their vitality and creativity. By working with local talent and expertise, we help communities flourish.

SEEnet is building a network that will increase the participation of Québec's English speakers in the social economy. As the social-economy initiative of the Regional Development Network (RDN)—a collective of 19 regional organizations serving English-speaking communities in Québec—SEEnet is mobilizing resources so these communities can face socio-economic challenges with entrepreneurial approaches, active participation, and purposeful solutions. SEEnet is funded by the Secrétariat aux relations avec les Québécois d'expression anglaise.

OUR SERVICES

PROJECT SUPPORT · PRESENTATIONS AND WORKSHOPS · NETWORK BUILDING · SOCIAL ECONOMY MENTORSHIP–INTERNSHIP PROGRAM · RESOURCE DIRECTORY

"

HUGH MAYNARD
SOCIAL ECONOMY CONSULTANT

Québec is considered a world leader in the social economy, and SEEnet is making sure that English speakers in the province benefit from all that leadership and experience in developing their local communities through social enterprise.
